N° G/9/80

15th November 1980

R E P O R T

This is to certify that the undersigned, upon request of the Owners' representatives, Messrs Stavros Daifas Marine Enterprises, Piraeus, went on board the

m.v. "S I L V E R B A Y"
of Piraeus - Reg N° 4988

on 7th August 1980 and subsequently, with the purpose of examining a damage stated sustained to the main engine, other machinery, piping systems and tanks, from the use of fuel oil of poor quality.

The class, Germanischer Lloyd, was advised accordingly and the Surveyor Mr. N. Sefertzis was present during our initial investigation and subsequently and he made recommendations covering the class requirements, which were followed, so that the vessel maintains her class.

The ship and machinery data, connected with this report is given in Appendix A.

To obtain an opinion regarding the cause and extent of the alleged damage we investigated the available documents and obtained the Chief Engineer's and Master's verbal statements.
